

Environmental Policy

MISSION STATEMENT

G E McLarnon & Sons cares about the environment and is committed to protecting it. Our corporate strategy is for all of our employees to do all that is practicable to achieve this.

OUR POLICY

- Design, operate and maintain all of our operations in an environmentally responsible manner, complying with all relevant legislation.
- Continually improve environmental performance to prevent pollution, reduce waste and minimise consumption of natural resources.
- Establish and maintain an Environmental Management System including procedures for environmental monitoring and control of our operations.
- Produce environmental action plans with realistic and achievable targets.
- Provide adequate training and information to our staff, such that they are able to comply with this policy.
- The Company's Environmental Policy and its implementation is the direct responsibility of the Management Team of G E McLarnon & Sons and it will be reviewed on a regular basis to ensure its continuing relevance.

A handwritten signature in black ink, appearing to read 'W. Mackey'.
